The Commonwealth of Massachusetts

OFFICE OF THE COMMISSIONER OF BANKS, STATE HOUSE, BOSTON, DECEMBER 15, 1934.

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court Assembled:

I have the honor to submit to the General Court, as required by General Laws, Chapter 167, section 9, the annual report of this department for the year 1934. The complete report covering the work of the department and containing statistics and statements of the institutions under its supervision will be submitted, as here-

tofore, at a later date.

The past year has witnessed a gratifying improvement in the general banking structure of this Commonwealth. Efforts of the past three years to stabilize banking conditions have borne fruit and the condition of the banks can be reported as generally good. Security prices have advanced reflecting an increase in the value of this asset held by banks. The percentage of foreclosures of real estate is declining, due in part to the operation of the Home Owners' Loan Corporation, while reports of the banks indicate the manner and extent to which the banks themselves are giving assistance to worthy borrowers on residential property. While our banks have sufficient cash to care for a normal demand for proper loans, such demand is lacking at the present time. Deposits in our banks have been maintained and confidence in our banks, which was never at as low an ebb as in some other parts of the country, has been restored.

During the last session of the General Court legislation was enacted providing for the establishment in the Mutual Central Fund, Inc., of a fund for the insurance of deposits in Savings banks known as the Deposit Insurance Fund (Chapter 43)

of the Acts of 1934).

There was also enacted legislation providing for the establishment in the Cooperative Central Bank of a fund for the insurance of shares in Co-operative banks to be known as the Share Insurance Fund (Chapter 73 of the Acts of 1934).

During the year, in accordance with the provisions of Chapter 73 of the Acts of 1934, I requested the Co-operative Central Bank to take possession of five Co-operative banks for the purpose of liquidating them. These banks are being liquidated under rules and regulations established by the department and the shareholders are insured in the manner and to the extent provided by the afore-

mentioned Chapter. The laws relating to Trust companies were substantially amended by the enactment of Chapter 349 of the Acts of 1934. While sufficient time has not yet elapsed to make it possible to determine the effect of this Act, minor amendments thereto, for the purpose of clarification, will be necessary. In this connection, I recommended that Section 18 of Chapter 349 be amended to remedy certain conditions in regard to the capital stock, and I also recommend the enactment of a bill which is to be filed seeking an amendment to Section 24 of said Chapter relating to trust departments.

No other recommendation as to changes in statutes were made by me as I believe no further fundamental changes should be made in our banking laws until

we have tested more fully those now in force. While a cry continues for legislation to change the status of debtors to banks, even to a subordination of the interest of the depositors to those of the debtors, it should be borne in mind that legislation in favor of debtors, which endangers depositors, will nullify much of what has been done during the past three years to stabilize conditions in banks.

SAVINGS BANKS.

The deposits in savings banks have increased approximately \$19,300,000 during the period under review.

Dividends in the amount of \$65,334,036.66 were paid, reflecting an average rate of 3.36 per cent. At the present time approximately one half of the savings

banks are paying 3 per cent and the remainder 3½ per cent in dividends.

The savings banks have increased their Surplus accounts approximately \$7,700,000 in the aggregate. The Real Estate by Foreclosure account increased by \$28,900,000 as compared with the increase of \$32,000,000 for the preceding The investment by savings banks in United States Government securities has been increased 50 per cent, or approximately \$100,000,000 during the year.

Withdrawals are now practically normal as evidenced by the return of \$3,225,255, or 50 per cent, of the assessment paid to the Mutual Savings Central Fund, Incorporated, and by the reduction of \$3,750,000 in the Bills Payable account, which account is now approximately \$1,600,000. P.D. 8, Part I.

On April 3, 1934, all limitations relating to the withdrawal of deposits of the Somerset Savings Bank were withdrawn, and on December 11, 1934, the Millbury Savings Bank was authorized to make available to its depositors for immediate withdrawal a further 10 per cent of their respective deposits at the time of the resumption of business on October 2, 1933, in addition to the 25 per cent thereof authorized to be made available at the time of the resumption of business.

LEGISLATION ENACTED.

Chap. 43. An Act providing for the establishment of a fund for the insurance of

Incorporated April 10, 1854. Number of corporators, 63

Edward W. Witter, President Joseph H. Tatro, Clerk of the Corporation

Harold S. Bowker, Treasurer Waldo W. Horne, Assistant Treasurer

Board of Trustees: F. E. Dodge, Arthur Ducharme, H. A. Emsleyt, H. M. Goddard, W. B. Harris*, W. D. Horne*, H. J. Lavalle, N. C. Perry*, J. R. Quarles*, M. J. Roach, O. H. Stowet, J. H. Tatro, J. H. Welsh, E. W. Witter*, C. D. Whitneyt.

Deposits draw interest from the first business day of each month; dividends are payable on or after the fifteenth day of January and July. Business hours: 9 a.m. to 3 p.m.; Saturdays, 9 a.m. to 12 m.

On August 30, 1933, by order of the Supreme Judicial Court, the amount due to depositors was reduced twenty-five per cent. Doubtful assets having a substantial but undetermined value are held by the bank to be realized upon for the benefit of those entitled thereto. (G. L. Chap. 168, Sec. 44, Ter. Ed.) One-fourth of each deposit account or twenty dollars (whichever was the greater) was made available to depositors at time of reopening. Remaining deposits were restricted as to withdrawal. On December 11, 1934, a further release of ten per cent of the deposits assumed at the time of resumption of business on October 2, 1933, was made available to depositors.

Deposits draw interest from the tenth day of each month; dividends are payable January 15 and July 15.

Business hours: 9 a.m. to 3 p.m.; Saturdays, 9 a.m. to 12 m.

Formerly Somerville Institution for Savings. On June 20, 1933, by order of the Supreme Judicial Court, the amount due to depositors was reduced fifty per cent. Doubtful assets having a substantial but undetermined value are held by the bank to be realized upon for the benefit of those entitled thereto. (G. L. Chap. 168, Sec. 44, Ter. Ed.). One-third of each deposit account or twenty-five dollars (whichever was the greater) was made available to depositors at time of reopening. Remaining deposits were restricted as to withdrawal. On April 3, 1934, such restrictions were removed.

ABSTRACT OF THE ANNUAL REPORT

OF THE

Commissioner of Banks

ARTHUR GUY, Commissioner

JANUARY, 1935

The Commonwealth of Massachusetts

Office of the Commissioner of Banks, State House, Boston, December 15, 1934.

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court Assembled:

I have the honor to submit to the General Court, as required by General Laws, Chapter 167, section 9, the annual report of this department for the year 1934. The complete report covering the work of the department and containing statistics and statements of the institutions under its supervision will be submitted, as here-

tofore, at a later date.

The past year has witnessed a gratifying improvement in the general banking structure of this Commonwealth. Efforts of the past three years to stabilize banking conditions have borne fruit and the condition of the banks can be reported as generally good. Security prices have advanced reflecting an increase in the value of this asset held by banks. The percentage of foreclosures of real estate is declining, due in part to the operation of the Home Owners' Loan Corporation, while reports of the banks indicate the manner and extent to which the banks themselves are giving assistance to worthy borrowers on residential property. While our banks have sufficient cash to care for a normal demand for proper loans, such demand is lacking at the present time. Deposits in our banks have been maintained and confidence in our banks, which was never at as low an ebb as in some other parts of the country, has been restored.

During the last session of the General Court legislation was enacted providing for the establishment in the Mutual Central Fund, Inc., of a fund for the insurance of deposits in Savings banks known as the Deposit Insurance Fund (Chapter 43)

of the Acts of 1934).

There was also enacted legislation providing for the establishment in the Cooperative Central Bank of a fund for the insurance of shares in Co-operative banks to be known as the Share Insurance Fund (Chapter 73 of the Acts of 1934).

During the year, in accordance with the provisions of Chapter 73 of the Acts of 1934, I requested the Co-operative Central Bank to take possession of five Co-operative banks for the purpose of liquidating them. These banks are being liquidated under rules and regulations established by the department and the shareholders are insured in the manner and to the extent provided by the afore-

mentioned Chapter.

The laws relating to Trust companies were substantially amended by the enactment of Chapter 349 of the Acts of 1934. While sufficient time has not yet elapsed to make it possible to determine the effect of this Act, minor amendments thereto, for the purpose of clarification, will be necessary. In this connection, I recommended that Section 18 of Chapter 349 be amended to remedy certain conditions in regard to the capital stock, and I also recommend the enactment of a bill which is to be filed seeking an amendment to Section 24 of said Chapter relating to trust departments.

No other recommendation as to changes in statutes were made by me as I believe no further fundamental changes should be made in our banking laws until

we have tested more fully those now in force.

While a cry continues for legislation to change the status of debtors to banks, even to a subordination of the interest of the depositors to those of the debtors, it should be borne in mind that legislation in favor of debtors, which endangers depositors, will nullify much of what has been done during the past three years to stabilize conditions in banks.

GENERAL LEGISLATION ENACTED.

Chap. 3. An Act facilitating the obtaining of funds by certain trust companies through the issuance of preferred stock.

Chap. 9. An Act extending the period of operation of certain laws authorizing domestic corporations to contribute to certain funds for the betterment of social and economic conditions.

Chap. 241. An Act providing for semi-annual reports by the Commissioner of Banks as to progress of liquidation of certain banks.

Chap. 251. An Act relative to the examination of banks.

An Act relating to the examination of banks, the destruction of cer-

tain bank records and penalizing accessories in larcenies from banks.

Chap. 304. An Act extending the period of time within which the Commissioner of Banks may borrow funds for the payment of dividends in liquidation of certain closed banks.

SAVINGS BANKS.

The deposits in savings banks have increased approximately \$19,300,000 during

the period under review.

Dividends in the amount of \$65,334,036.66 were paid, reflecting an average

rate of 3.36 per cent. At the present time approximately one half of the savings banks are paying 3 per cent and the remainder 3½ per cent in dividends.

The savings banks have increased their Surplus accounts approximately \$7,700,000 in the aggregate. The Real Estate by Foreclosure account increased by \$28,900,000 as compared with the increase of \$32,000,000 for the preceding The investment by savings banks in United States Government securities

has been increased 50 per cent, or approximately \$100,000,000 during the year. Withdrawals are now practically normal as evidenced by the return of \$3,225,255, or 50 per cent, of the assessment paid to the Mutual Savings Central Fund, Incorporated, and by the reduction of \$3,750,000 in the Bills Payable account, which

account is now approximately \$1,600,000.

On April 3, 1934, all limitations relating to the withdrawal of deposits of the Somerset Savings Bank were withdrawn, and on December 11, 1934, the Millbury Savings Bank was authorized to make available to its depositors for immediate withdrawal a further 10 per cent of their respective deposits at the time of the resumption of business on October 2, 1933, in addition to the 25 per cent thereof authorized to be made available at the time of the resumption of business.

TRUST COMPANIES.

The last reports received from all trust companies as of October 17, 1934, showed an increase in resources during the preceding sixteen months in the commercial departments of approximately \$9,000,000, and an increase in the resources of the savings departments of approximately \$2,800,000. The total resources of both of these departments amounted, on October 17, 1934, to approximately \$494,000,000. The aggregate assets of the trust departments increased over \$29,000,000 and now amount to more than \$968,000,000.

During the period covered by this report there has been a net increase of

\$5,106,400 in the capital stock of these institutions.

On November 13, 1934, the Worcester Bank & Trust Company, which had been in charge of a conservator since March 1933, was re-opened under the name of the Worcester County Trust Company after having taken over the business of the Worcester County National Bank, Worcester and Fitchburg, the North Brookfield National Bank, the Spencer National Bank, and the Second National Bank of Barre, all of whose offices are now being maintained as branches. The total assets in the commercial and savings departments were over \$36,000,000 and the trust department assets exceeded \$35,000,000.

CO-OPERATIVE BANKS.

At the close of October business, 1934, the aggregate assets of the 223 Co-operative banks amounted to \$478,169,692.21, a decrease of approximately \$24,200,000 during the year.

These banks in general have maintained sufficient liquidity to meet the demands of withdrawing shareholders and at the same time have accumulated funds to an

amount more than sufficient to care for the requests for real estate loans.

The number of banks has decreased by six. In February, 1934, the Business Men's Co-operative Bank, Boston, consolidated with the Merchants Co-operative Bank, Boston, and during the year the following five Co-operative banks were ordered into liquidation and the Co-operative Central Bank is now proceeding with the liquidation under the provisions of Chapter 73 of the Acts of 1934:

Shawmut Co-operative Bank, Dorchester. Back Bay Co-operative Bank, Boston.

Real Estate Co-operative Bank, Boston. Clinton Co-operative Bank, Clinton. Wachusett Co-operative Bank, Clinton.

Two of these banks were certified to the Co-operative Central Bank after the October business 1934, so that there now remain 221 Co-operative banks actively operating in this Commonwealth.

The number of shareholders has decreased by approximately 26,960 due to the certification of the five banks to the Co-operative Central Bank for liquidation.

Of the banks remaining under restrictions from the time of the last report, restrictions have been entirely lifted on all but three and in those cases the restrictions have been substantially modified.

The total combined guaranty fund and surplus accounts increased by \$1,804,635.84 and the book figures of those accounts are now in excess of

\$25,196,445.16.

BANKS IN POSSESSION OF THE COMMISSIONER.

On December 15, 1934, there were nineteen trust companies in the possession of the Commissioner of Banks under General Laws, Chapter 167. Of the two trust companies recorded in the last annual report as being in the possession of conservators, the Worcester Bank & Trust Company has been reopened as more fully appears hereafter in this report. The Belmont Trust Company, after an initial release of deposits through the conservator, was taken into possession by the Commissioner of Banks, and with this exception, no banks were taken into possession during the year 1934.

The names and locations of the banks in possession of the Commissioner on December 15, 1934, together with the names of the liquidating agents assigned thereto and the respective dates they were taken into possession appear below in

In the last annual report there appears under the title "Banks in Possession of Conservators and of the Commissioner" a general summary to which readers of this report are referred for a statement of the general situation attending closed banks for the years 1931 to 1933.

1. Releases to Depositors.

During the year 1934, as a result of reorganizations, sales in bulk of assets or dividend payments from funds received from the Reconstruction Finance Corporation, there was released to depositors of closed banks the following:

It thus appears that cash releases of \$10,858,190.65 were made during the year 1934 which added to \$49,532,735.88 released in 1932 and 1933 totals \$60,390,926.53 released of the \$108,000,000 of deposits in closed banks in addition to distribution of stock in several instances.

2. Reorganizations.

a. Worcester Bank & Trust Company.

Worcester.

The last annual report sets forth at length the circumstances attending this trust company and its affiliation with various banks in the same community and the progress of its administration under the conservator. At the time of the Bank Holiday when this trust company was placed in the possession of a conservator, it had deposits of approximately \$14,000,000 and a trust department of approximately \$30,000,000. The combined deposits and trust department of the trust company and its affiliated banks involved nearly \$80,000,000. As stated in the last report, a plan of reorganization was declared effective on June 9, 1933, as a result of which, provisions were made for the payment in full of approximately 11,000 out of the 14,000 depositors with a minimum of 40 per cent to the other depositors. After administering lawful set-offs, approximately \$7,000,000 was released under that plan.

Following the fulfillment of that plan of reorganization, the trust company continued in the possession of the conservator and, as a result of a further plan of reorganization which became effective on November 13, 1934, the trust company was reopened and branches thereof established in the communities where the offices of its affiliated banks were located. As more fully set forth in the last annual report, this trust company owned all of the capital stock of Worcester County National Bank with the exception of directors' qualifying shares, and Worcester County National Bank held the beneficial ownership in all of the stock of Worcester County Shares Association, which, in turn, owned all of the stock of four other national banks and one trust company situated in Worcester County. As a part of the first plan of reorganization, the stock of the Worcester County National Bank previously held by the trust company, together with the new stock thereof subscribed for by stockholders of the trust company under a compromise plan, approved by the Supreme Judicial Court, was transferred to a new corporation entitled "Worcester Depositors' Corporation." Likewise, Worcester Depositors' Corporation took title to approximately 95 per cent of the stock of the trust company which was turned in by stockholders of the trust company as part of the compromise plan. Through the ownership of Worcester County Shares Association, Worcester Depositors' Corporation likewise had control over the smaller affiliated banks and later acquired direct title to the stock of these banks by discontinuing the use of the Worcester County Shares Association as the holding unit of this stock. Following the fulfillment of the first plan in June of 1933 the stock of Clinton Trust Company and of Webster National Bank was disposed of to local interests on favorable terms, leaving in the affiliation the following banking institutions:

Worcester Bank & Trust Company.
Worcester County National Bank
(having branches in Worcester and Fitchburg).
Second National Bank of Barre.
Spencer National Bank.
North Brookfield National Bank.

Against the assets represented by all of the stock of the above-named banks (with the exception of the directors' qualifying shares) Worcester Depositors' Corporation had outstanding three classes of certificates consisting of Class "A," Class "B" and Class "C." A Class "A" certificate had been issued to each depositor of Worcester Bank & Trust Company representing the balance of his deposit remaining unpaid after having received the sums provided under the first plan. Class "B" certificates were issued to a small number of other depositors, who, prior to the Bank Holiday, agreed to subordinate their deposits to the ordinary deposits of the bank. Class "C" certificates were issued to the stockholders of Worcester Bank & Trust Company who had subscribed to the new stock of the Worcester County National Bank in accordance with the compromise arrangement provided for by the first plan. The holders of certificates of Worcester Depositors' Corporation were entitled to participate in the assets of Worcester Depositors' Corporation in the order mentioned.

In the last annual report, it is stated:

"Efforts are now being undertaken to further reorganize this whole situation with a view of effecting additional releases to depositors of the trust company and by reopening the trust company as a going institution and place the stock of these banks into individual ownership. The early enactment of the county wide branch banking bill recommended by the Special Commission for the study of the banking structure will materially assist in the development of such a plan, particularly in so far as the smaller affiliated banks are concerned."

This branch banking legislation was enacted and became law on June 29, 1934. On September 19, 1934, a plan was approved by the Federal Reserve authorities, the Supreme Judicial Court and the Commissioner of Banks providing for the combination of the assets of these five banking institutions into one under the charter of Worcester Bank & Trust Company. As a result, Worcester Bank & Trust Company was reopened under the name of "Worcester County Trust Com-

pany" and branches were established under the new branch banking law in the offices formerly occupied by the affiliated banks. The reorganized bank has deposits and trust department business aggregating in excess of \$70,000,000 and possesses a sound capital structure of over \$4,000,000. The capital stock consists of \$2,000,000 of Class "A" preferred and \$1,000,000 of common. As part of the plan, each holder of a Class "A" certificate in Worcester Depositors' Corporation received an additional cash release of 40 per cent of the face of his certificate and received for the balance of his certificate Class "A" preferred stock in the reorganized bank retirable by the trust company for the balance of his certificate. Accordingly, if the certificates are so retired, the former depositors of Worcester Bank & Trust Company not receiving payment in full under the first plan will have received payment in full by this other method. The common stock of the reorganized bank has been distributed to Class "B" and Class "C" certificate holders in proportions provided for by the plan. A small number of shares of common stock have been given to certain former directors of the trust company who paid in, as part of the new plan, additional cash of \$350,000 in compromise of any possible claims against them as such directors. Until the Class "A" preferred stock shall have been retired in accordance with the plan, no dividends or other distribution will be made to holders of the common stock.

By this method, this complicated affiliation has been dissolved and the stock of these five banks held by Worcester Depositors' Corporation under the first plan has been distributed to approximately 4,000 individual owners, most of whom reside or have their business in Worcester or Worcester County. After minor details have been disposed of, Worcester Depositors' Corporation will likewise

be dissolved.

b. Haverhill Trust Company.

Haverhill.

The last annual report sets forth the terms of a plan of reorganization prepared and approved for this trust company in February of 1933. Under that plan a new trust company was organized for the purpose of taking over substantially all of the assets of the old trust company. Depositors in the savings department of the old trust company received credits of 80 per cent of their deposits and commercial depositors received credits of 60 per cent of their deposits in the new trust company, aggregating a total credit in the new trust company for depositors of the old of \$1,600,565. The entire capital stock of the new trust company, less qualifying shares of directors, was conveyed to a corporation, the stock of which corporation was taken in its entirety by the old trust company. Because of the unliquid condition of the assets assumed by the new trust company, restrictions were imposed by the Commissioner at the time of its opening limiting withdrawals in the savings department to 50 per cent of the credits established under the plan and in the commercial department to 20 per cent of the credits so established.

Under a further plan of reorganization of both the new and old trust companies, dated September 7, 1934, and duly approved by the Supreme Judicial Court, the new trust company was consolidated with the Merrimack National Bank of Haverhill into a new national bank formed for the purpose of effecting the consolidation. Under this new plan the withdrawal restrictions were entirely removed on the credits established in the new trust company at the time of its opening. In addition thereto a further cash release was made to all depositors of the old trust company and one-third of the capital stock of the new national bank was distributed in accordance with the plan to depositors of the old trust company on the basis of their remaining balances not assumed by the new trust company under the plan of

February 27, 1933.

Under the new plan as finally consummated, approximately 5,000 out of the 7,000 depositors received payment in full and the remainder received an additional release of cash plus a portion of capital stock of the new national bank which by holding the same for a period the depositors receiving it will have opportunity to receive payment in full of their deposits.

With the exception of some details to be disposed of the liquidation of the old

Haverhill Trust Company has been substantially completed.

c. Belmont Trust Company.

Belmont.

This trust company was placed in possession of a conservator on March 23, 1933, following the Bank Holiday. Pursuant to the provisions of Chapter 112 of the Acts of 1933, a plan was devised for a release of funds to depositors, was duly approved by the Supreme Judicial Court, and was consummated on May 15, 1934. As a result of this plan, depositors of the Savings Department received a release of 50 per cent and those of the Commercial Department a release of 25 per cent of their deposits. Under the provisions of the plan, approximately 7,000 of the 11,116 depositors were paid in full. Following the effective date of the plan, this trust company was taken into the possession of the Commissioner of Banks pursuant to the provisions of General Laws, Chapter 167.

3. Progress of Liquidation.

a. Specific Banks.

Statements of assets and liabilities of the banks in possession of the Commissioner as of October 31, 1934, and of cash receipts and disbursements including expenses of liquidation from their respective dates of closing to October 31, 1934,

are hereafter set forth in composite form.

During the year 1934 expenses of administration and liquidation have been reduced wherever practicable and wherever possible liquidations have been consolidated resulting in additional savings. To date all the dividends that the assets of the various banks would warrant have been paid to depositors, funds have been obtained from the Reconstruction Finance Corporation by loans to mortgage companies with the approval of the Supreme Judicial Court and the proceeds paid out in dividends to depositors. It will be seen from the record of dividend payments that most distributions have been made to depositors of savings departments. As appears from more complete statements in the two previous annual reports the assets of commercial departments are generally of a more slow and doubtful character than assets of savings departments and in addition thereto a primary reason for the inability to pay dividends generally to depositors of commercial departments is because of the provision of law that savings depositors are entitled to participate pro rata with the depositors of commercial departments in the assets of the commercial departments to the extent of the ultimate unpaid balances of their deposits in the savings departments. This situation has accordingly rendered it impracticable to pay any dividends to commercial depositors of many of the trust companies and only small percentages to commercial depositors of other trust companies.

In the last two annual reports a statement has been made concerning each of the banks in possession which was intended to be for the use of depositors in respect to the particular banks involved. In view of the provisions of Chapter 241 of the Acts of 1934, requiring reports to be issued for the information of depositors every six months, no further statement is made concerning specific banks in this annual report in view of the fact that statements covering the individual banks are being prepared for specific banks in accordance with the requirements of Chapter 241 which will be available shortly for publication or other exhibition to

depositors.

b. Central Organization.

In the last two annual reports there was outlined in detail information concerning the Central Organization established in the Banking Department in June of 1932 for the administration of closed banks.

This Central Organization now consists of a Supervising Agent, a General Liquidation Counsel, a Chief Liquidation Auditor, 4 Clerks, 2 Real Estate Assistants, 6 Auditors and a Stenographer, all of whom devote their full time to this work.

Audits have been made periodically of the banks in possession by the liquidation auditors and accounts based thereon prepared and filed with the Supreme Judicial Court.

To meet the expenses of the Central Organization for the year 1934 an assessment of 3/40 of 1 per cent of the asset footings as of December 30, 1933 (excluding certain book items), was made on specific banks.

At the request of the Commissioner of Banks the State Auditor duly conducted an audit of the financial affairs of this Central Organization for the year ending May 31, 1934, as was done for the previous year and accounts based thereon have been duly approved by the Supreme Judicial Court.

c. Legal Matters.

There are now pending on behalf of all banks in possession of the Commissioner approximately 1,860 suits against borrowers and other obligors involving approximately \$12,985,076.87, and 62 suits against the banks are pending involving approximately \$2,563,377.29. There have been 146 bankruptcies involving \$2,263,163.44, 15 assignments for the benefit of creditors involving \$145,501.57, and 2 receiverships involving \$10,991.22.

The suits commenced on behalf of the Bancroft, Brockton, Inman and Lawrence Trust Companies against the Federal National Bank of Boston on claims aggregating approximately \$3,184,000 are now about to proceed to trial on their merits. All preliminary pleadings have been disposed of, including motions to dismiss filed by the defendant and which have been overruled by a Justice of the Federal

Court.

DEPOSITS WITH OTHERS THAN BANKS.

(Private Bankers, So-Called.)

Since the discontinuance of the business of receiving deposits for safe-keeping, referred to in the last annual report, the only activity of these institutions supervised by this department is the transmission of monies to foreign countries, the volume of which has declined each year since 1930, amounting to only \$563,812 during the year ending October 31, last, a decrease of \$282,902 from the preceding

On June 8, 1934, a new license was issued to P. Kutrubes Bankers Corporation, thus increasing to six, the number of persons and corporations conducting this class of business under the supervision of this department.

The customers of these bankers are protected by surety or collateral bonds in the custody of the State Treasurer. Their other assets, not being under the supervision of this department, are omitted from the Consolidated Statement appearing in this report.

PRIVATE BANKS IN RECEIVERSHIP.

There are four private banks remaining in receivership and being liquidated pursuant to General Laws, Chapter 169, under section 11 of which receivers have been appointed by the Supreme Judicial Court. As outlined in previous annual reports, this method differs from that pertaining to the liquidation of other banking institutions.

During the year 1934, the receivership of A. DiPietro Co., a private bank formerly doing business in Boston, was terminated and the final account of the receiver allowed by the Supreme Judicial Court on April 27, 1934, and the case closed.

A brief statement concerning the status of each of the remaining private bank

receiverships follows:

M. Berardini, Bankers, of Boston.

The affairs of this receivership are being administered by Frank P. Fralli, of Boston, who has been appointed as Receiver by the Supreme Judicial Court.

Since the last annual report, dividends have been paid to creditors as follows:

May 2, 1934 — five per cent amounting to.			•	\$35,082.85
Dec. 17, 1934 — ten per cent amounting to	•	•	•	70,400.04

The aggregate amounts of dividends paid to date total \$582,177.36 on claims aggregating \$1,002,700.33 representing 64 per cent to transmission depositors, 58 per cent to safe-keeping depositors and 40 per cent to commercial and general

The actions brought by Joseph A. Broderick, Superintendent of Banks of the State of New York, on behalf of M. Berardini State Bank of New York against the Receiver to recover the sum of \$720,642.24 on account of assessments levied against the executors of the Estate of Michael Berardini and on account of alleged indebtednesses of the said executors, which actions have been pending for the past two years, have been compromised with the approval of the Supreme Judicial Court, by the payment of \$27,500 to said Superintendent in consideration of the assignment of all of said claims against said estate and others, and other considerations appearing on the records of said court. All other actions and suits of importance against the Receiver have been disposed of.

First Bankers Union, Inc.

Joseph A. Greer, of Medford, is Receiver of this institution, under appointment by the Supreme Judicial Court. There has been no change in the status of this receivership since the last annual report. The principal remaining asset is a judgment on a fidelity bond against a surety company which was placed in the hands of a Receiver after judgment was rendered. As soon as a final dividend is received from the assets of the surety company this receivership can be closed. Dividends aggregating 100 per cent have been paid to transmission depositors and 20 per cent to safe-keeping depositors.

Peoples Bankers, Inc.

Arthur Sweeney, of Andover, is Receiver of this institution under appointment by the Supreme Judicial Court.

Dividends of 96 per cent have been paid to transmission depositors, 40½ per

cent to safe-keeping depositors and 15 per cent to general creditors.

The remaining assets consist of unpaid balances due on various notes amounting to \$2,560.33 almost all of which are uncollectible and certificates of proof of claim representing deposits in closed banks, the value of which is uncertain.

The liquidation proceedings of these banks have necessarily deferred the closing

of this receivership.

Andrea Romano. Springfield.

Harold I. Grousbeck, of Northampton, is Receiver of this bank under appointment of the Supreme Judicial Court. During the year 1934 a further dividend of 15 per cent was paid to safe-keeping depositors which, together with 25 per cent previously paid, has resulted in a total payment to date of 40 per cent to this class of depositors. During the year 1934 there was also paid a dividend of 40 per cent to transmission depositors. The litigation concerning this bank outlined in the last annual report has all been disposed of with the exception of one outstanding claim of a nominal amount which now is in the process of final disposition. Some additional assets remain which will permit the payment of a small additional dividend before the final closing of the receivership.

BOARD OF BANK INCORPORATION.

STATE HOUSE BOSTON

MASS. OFFICIALS

The Commonwealth of Massachusetts

OFFICE OF THE COMMISSIONER OF BANKS, STATE HOUSE, BOSTON, DECEMBER 15, 1934.

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court Assembled:

I have the honor to submit to the General Court, as required by General Laws, Chapter 167, section 9, the annual report of this department for the year 1934. The complete report covering the work of the department and containing statistics and statements of the institutions under its supervision will be submitted, as here-

tofore, at a later date.

The past year has witnessed a gratifying improvement in the general banking structure of this Commonwealth. Efforts of the past three years to stabilize banking conditions have borne fruit and the condition of the banks can be reported as generally good. Security prices have advanced reflecting an increase in the value of this asset held by banks. The percentage of foreclosures of real estate is declining, due in part to the operation of the Home Owners' Loan Corporation, while reports of the banks indicate the manner and extent to which the banks themselves are giving assistance to worthy borrowers on residential property. While our banks have sufficient cash to care for a normal demand for proper loans, such demand is lacking at the present time. Deposits in our banks have been maintained and confidence in our banks, which was never at as low an ebb as in some other parts of the country, has been restored.

During the last session of the General Court legislation was enacted providing for the establishment in the Mutual Central Fund, Inc., of a fund for the insurance of deposits in Savings banks known as the Deposit Insurance Fund (Chapter 43)

of the Acts of 1934).

There was also enacted legislation providing for the establishment in the Co-operative Central Bank of a fund for the insurance of shares in Co-operative banks to be known as the Share Insurance Fund (Chapter 73 of the Acts of 1934).

During the year, in accordance with the provisions of Chapter 73 of the Acts of 1934, I requested the Co-operative Central Bank to take possession of five Co-operative banks for the purpose of liquidating them. These banks are being liquidated under rules and regulations established by the department and the shareholders are insured in the manner and to the extent provided by the afore-

mentioned Chapter.

The laws relating to Trust companies were substantially amended by the enactment of Chapter 349 of the Acts of 1934. While sufficient time has not yet elapsed to make it possible to determine the effect of this Act, minor amendments thereto, for the purpose of clarification, will be necessary. In this connection, I recommended that Section 18 of Chapter 349 be amended to remedy certain conditions in regard to the capital stock, and I also recommend the enactment of a bill which is to be filed seeking an amendment to Section 24 of said Chapter relating to trust departments.

No other recommendation as to changes in statutes were made by me as I believe no further fundamental changes should, be made in our banking laws until

we have tested more fully those now in force.

While a cry continues for legislation to change the status of debtors to banks, even to a subordination of the interest of the depositors to those of the debtors, it should be borne in mind that legislation in favor of debtors, which endangers depositors, will nullify much of what has been done during the past three years to stabilize conditions in banks.

TRUST COMPANIES.

The last reports received from all trust companies as of October 17, 1934, showed an increase in resources during the preceding sixteen months in the commercial departments of approximately \$9,000,000, and an increase in the resources of the savings departments of approximately \$2,800,000. The total resources of both of these departments amounted, on October 17, 1934, to approximately \$494,000,000. The aggregate assets of the trust departments increased over \$29,000,000 and now amount to more than \$968,000,000.

During the period covered by this report there has been a net increase of

\$5,106,400 in the capital stock of these institutions.

On November 13, 1934, the Worcester Bank & Trust Company, which had been in charge of a conservator since March 1933, was re-opened under the name of the Worcester County Trust Company after having taken over the business of the Worcester County National Bank, Worcester and Fitchburg, the North Brookfield National Bank, the Spencer National Bank, and the Second National Bank of Barre, all of whose offices are now being maintained as branches. The total assets in the commercial and savings departments were over \$36,000,000 and the trust department assets exceeded \$35,000,000.

BANKS IN POSSESSION OF THE COMMISSIONER.

On December 15, 1934, there were nineteen trust companies in the possession of the Commissioner of Banks under General Laws, Chapter 167. Of the two trust companies recorded in the last annual report as being in the possession of conservators, the Worcester Bank & Trust Company has been reopened as more fully appears hereafter in this report. The Belmont Trust Company, after an initial release of deposits through the conservator, was taken into possession by the Commissioner of Banks, and with this exception, no banks were taken into possession during the year 1934.

The names and locations of the banks in possession of the Commissioner on December 15, 1934, together with the names of the liquidating agents assigned thereto and the respective dates they were taken into possession appear below in

In the last annual report there appears under the title "Banks in Possession of Conservators and of the Commissioner" a general summary to which readers of this report are referred for a statement of the general situation attending closed banks for the years 1931 to 1933.

1. Releases to Depositors.

During the year 1934, as a result of reorganizations, sales in bulk of assets or dividend payments from funds received from the Reconstruction Finance Corporation, there was released to depositors of closed banks the following:

It thus appears that cash releases of \$10,858,190.65 were made during the year 1934 which added to \$49,532,735.88 released in 1932 and 1933 totals \$60,390,926.53 released of the \$108,000,000 of deposits in closed banks in addition to distribution of stock in several instances.

2. Reorganizations.

a. Worcester Bank & Trust Company.

Worcester.

The last annual report sets forth at length the circumstances attending this trust company and its affiliation with various banks in the same community and the progress of its administration under the conservator. At the time of the Bank Holiday when this trust company was placed in the possession of a conservator, it had deposits of approximately \$14,000,000 and a trust department of approximately \$30,000,000. The combined deposits and trust department of the trust company and its affiliated banks involved nearly \$80,000,000. As stated in the last report, a plan of reorganization was declared effective on June 9, 1933, as a result of which, provisions were made for the payment in full of approximately 11,000 out of the 14,000 depositors with a minimum of 40 per cent to the other depositors. After administering lawful set-offs, approximately \$7,000,000 was released under that plan.

Following the fulfillment of that plan of reorganization, the trust company continued in the possession of the conservator and, as a result of a further plan of reorganization which became effective on November 13, 1934, the trust company was reopened and branches thereof established in the communities where the offices of its affiliated banks were located. As more fully set forth in the last annual report, this trust company owned all of the capital stock of Worcester County National Bank with the exception of directors' qualifying shares, and Worcester County National Bank held the beneficial ownership in all of the stock of Worcester County Shares Association, which, in turn, owned all of the stock of four other national banks and one trust company situated in Worcester County. As a part of the first plan of reorganization, the stock of the Worcester County National Bank previously held by the trust company, together with the new stock thereof subscribed for by stockholders of the trust company under a compromise plan, approved by the Supreme Judicial Court, was transferred to a new corporation entitled "Worcester Depositors' Corporation." Likewise, Worcester Depositors' Corporation took title to approximately 95 per cent of the stock of the trust com-

pany which was turned in by stockholders of the trust company as part of the compromise plan. Through the ownership of Worcester County Shares Association, Worcester Depositors' Corporation likewise had control over the smaller affiliated banks and later acquired direct title to the stock of these banks by discontinuing the use of the Worcester County Shares Association as the holding unit of this stock. Following the fulfillment of the first plan in June of 1933 the stock of Clinton Trust Company and of Webster National Bank was disposed of to local interests on favorable terms, leaving in the affiliation the following banking institutions:

Worcester Bank & Trust Company.
Worcester County National Bank
(having branches in Worcester and Fitchburg).
Second National Bank of Barre.
Spencer National Bank.
North Brookfield National Bank.

Against the assets represented by all of the stock of the above-named banks (with the exception of the directors' qualifying shares) Worcester Depositors' Corporation had outstanding three classes of certificates consisting of Class "A," Class "B" and Class "C." A Class "A" certificate had been issued to each depositor of Worcester Bank & Trust Company representing the balance of his deposit remaining unpaid after having received the sums provided under the first plan. Class "B" certificates were issued to a small number of other depositors, who, prior to the Bank Holiday, agreed to subordinate their deposits to the ordinary deposits of the bank. Class "C" certificates were issued to the stockholders of Worcester Bank & Trust Company who had subscribed to the new stock of the Worcester County National Bank in accordance with the compromise arrangement provided for by the first plan. The holders of certificates of Worcester Depositors' Corporation were entitled to participate in the assets of Worcester Depositors' Corporation in the order mentioned.

In the last annual report, it is stated:

"Efforts are now being undertaken to further reorganize this whole situation with a view of effecting additional releases to depositors of the trust company and by reopening the trust company as a going institution and place the stock of these banks into individual ownership. The early enactment of the county wide branch banking bill recommended by the Special Commission for the study of the banking structure will materially assist in the development of such a plan, particularly in so far as the smaller affiliated banks are concerned."

This branch banking legislation was enacted and became law on June 29, 1934. On September 19, 1934, a plan was approved by the Federal Reserve authorities, the Supreme Judicial Court and the Commissioner of Banks providing for the combination of the assets of these five banking institutions into one under the charter of Worcester Bank & Trust Company. As a result, Worcester Bank & Trust Company was reopened under the name of "Worcester County Trust Company" and branches were established under the new branch banking law in the offices formerly occupied by the affiliated banks. The reorganized bank has deposits and trust department business aggregating in excess of \$70,000,000 and possesses a sound capital structure of over \$4,000,000. The capital stock consists of \$2,000,000 of Class "A" preferred and \$1,000,000 of common. As part of the plan, each holder of a Class "A" certificate in Worcester Depositors' Corporation received an additional cash release of 40 per cent of the face of his certificate and received for the balance of his certificate Class "A" preferred stock in the reorganized bank retirable by the trust company for the balance of his certificate. Accordingly, if the certificates are so retired, the former depositors of Worcester Bank & Trust Company not receiving payment in full under the first plan will have received payment in full by this other method. The common stock of the reorganized bank has been distributed to Class "B" and Class "C" certificate holders in proportions provided for by the plan. A small number of shares of common stock have been given to certain former directors of the trust company who paid in, as part of the new plan, additional cash of \$350,000 in compromise of any

viii P.D. 8, Part II.

possible claims against them as such directors. Until the Class "A" preferred stock shall have been retired in accordance with the plan, no dividends or other

distribution will be made to holders of the common stock.

By this method, this complicated affiliation has been dissolved and the stock of these five banks held by Worcester Depositors' Corporation under the first plan has been distributed to approximately 4,000 individual owners, most of whom reside or have their business in Worcester or Worcester County. After minor details have been disposed of, Worcester Depositors' Corporation will likewise be dissolved.

b. Haverhill Trust Company.

Haverhill.

The last annual report sets forth the terms of a plan of reorganization prepared and approved for this trust company in February of 1933. Under that plan a new trust company was organized for the purpose of taking over substantially all of the assets of the old trust company. Depositors in the savings department of the old trust company received credits of 80 per cent of their deposits and commercial depositors received credits of 60 per cent of their deposits in the new trust company, aggregating a total credit in the new trust company for depositors of the old of \$1,600,565. The entire capital stock of the new trust company, less qualifying shares of directors, was conveyed to a corporation, the stock of which corporation was taken in its entirety by the old trust company. Because of the unliquid condition of the assets assumed by the new trust company, restrictions were imposed by the Commissioner at the time of its opening limiting withdrawals in the savings department to 50 per cent of the credits established under the plan and in the commercial department to 20 per cent of the credits so established.

Under a further plan of reorganization of both the new and old trust companies, dated September 7, 1934, and duly approved by the Supreme Judicial Court, the new trust company was consolidated with the Merrimack National Bank of Haverhill into a new national bank formed for the purpose of effecting the consolidation. Under this new plan the withdrawal restrictions were entirely removed on the credits established in the new trust company at the time of its opening. In addition thereto a further cash release was made to all depositors of the old trust company and one-third of the capital stock of the new national bank was distributed in accordance with the plan to depositors of the old trust company on the basis of their remaining balances not assumed by the new trust company under the plan of

February 27, 1933.

Under the new plan as finally consummated, approximately 5,000 out of the 7,000 depositors received payment in full and the remainder received an additional release of cash plus a portion of capital stock of the new national bank which by holding the same for a period the depositors receiving it will have opportunity to receive payment in full of their deposits.

With the exception of some details to be disposed of the liquidation of the old

Haverhill Trust Company has been substantially completed.

c. Belmont Trust Company.

Belmont.

This trust company was placed in possession of a conservator on March 23, 1933, following the Bank Holiday. Pursuant to the provisions of Chapter 112 of the Acts of 1933, a plan was devised for a release of funds to depositors, was duly approved by the Supreme Judicial Court, and was consummated on May 15, 1934. As a result of this plan, depositors of the Savings Department received a release of 50 per cent and those of the Commercial Department a release of 25 per cent of their deposits. Under the provisions of the plan, approximately 7,000 of the 11,116 depositors were paid in full. Following the effective date of the plan, this trust company was taken into the possession of the Commissioner of Banks pursuant to the provisions of General Laws, Chapter 167.

3. Progress of Liquidation.

a. Specific Banks.

Statements of assets and liabilities of the banks in possession of the Commissioner as of October 31, 1934, and of cash receipts and disbursements including

P.D. 8, Part II. ix

expenses of liquidation from their respective dates of closing to October 31, 1934,

are hereafter set forth in composite form.

During the year 1934 expenses of administration and liquidation have been reduced wherever practicable and wherever possible liquidations have been consolidated resulting in additional savings. To date all the dividends that the assets of the various banks would warrant have been paid to depositors, funds have been obtained from the Reconstruction Finance Corporation by loans to mortgage companies with the approval of the Supreme Judicial Court and the proceeds paid out in dividends to depositors. It will be seen from the record of dividend payments that most distributions have been made to depositors of savings departments. As appears from more complete statements in the two previous annual reports the assets of commercial departments are generally of a more slow and doubtful character than assets of savings departments and in addition thereto a primary reason for the inability to pay dividends generally to depositors of commercial departments is because of the provision of law that savings depositors are entitled to participate pro rata with the depositors of commercial departments in the assets of the commercial departments to the extent of the ultimate unpaid balances of their deposits in the savings departments. This situation has accordingly rendered it impracticable to pay any dividends to commercial depositors of many of the trust companies and only small percentages to commercial depositors of other trust companies.

In the last two annual reports a statement has been made concerning each of the banks in possession which was intended to be for the use of depositors in respect to the particular banks involved. In view of the provisions of Chapter 241 of the Acts of 1934, requiring reports to be issued for the information of depositors every six months, no further statement is made concerning specific banks in this annual report in view of the fact that statements covering the individual banks are being prepared for specific banks in accordance with the requirements of Chapter 241 which will be available shortly for publication or other exhibition to

depositors.

Central Organization. *b*.

In the last two annual reports there was outlined in detail information concerning the Central Organization established in the Banking Department in June of 1932 for the administration of closed banks.

This Central Organization now consists of a Supervising Agent, a General Liquidation Counsel, a Chief Liquidation Auditor, 4 Clerks, 2 Real Estate Assistants, 6 Auditors and a Stenographer, all of whom devote their full time to this work.

Audits have been made periodically of the banks in possession by the liquidation auditors and accounts based thereon prepared and filed with the Supreme Judicial Court.

To meet the expenses of the Central Organization for the year 1934 an assessment of 3/40 of 1 per cent of the asset footings as of December 30, 1933 (excluding

certain book items), was made on specific banks.

At the request of the Commissioner of Banks the State Auditor duly conducted an audit of the financial affairs of this Central Organization for the year ending May 31, 1934, as was done for the previous year and accounts based thereon have been duly approved by the Supreme Judicial Court.

Legal Matters.

There are now pending on behalf of all banks in possession of the Commissioner approximately 1,860 suits against borrowers and other obligors involving approximately \$12,985,076.87, and 62 suits against the banks are pending involving approximately \$2,563,377.29. There have been 146 bankruptcies involving \$2,263,163.44, 15 assignments for the benefit of creditors involving \$145,501.57, and 2 receiverships involving \$10,991.22.

The suits commenced on behalf of the Bancroft, Brockton, Inman and Lawrence Trust Companies against the Federal National Bank of Boston on claims aggregating approximately \$3,184,000 are now about to proceed to trial on their merits. All preliminary pleadings have been disposed of, including motions to dismiss filed by the defendant and which have been overruled by a Justice of the Federal

Court.

DEPOSITS WITH OTHERS THAN BANKS.

(Private Bankers, So-Called.)

Since the discontinuance of the business of receiving deposits for safe-keeping, referred to in the last annual report, the only activity of these institutions supervised by this department is the transmission of monies to foreign countries, the volume of which has declined each year since 1930, amounting to only \$563,812 during the year ending October 31, last, a decrease of \$282,902 from the preceding year.

On June 8, 1934, a new license was issued to P. Kutrubes Bankers Corporation, thus increasing to six, the number of persons and corporations conducting this class

of business under the supervision of this department.

The customers of these bankers are protected by surety or collateral bonds in the custody of the State Treasurer. Their other assets, not being under the supervision of this department, are omitted from the Consolidated Statement appearing in this report.

PRIVATE BANKS IN RECEIVERSHIP.

There are four private banks remaining in receivership and being liquidated pursuant to General Laws, Chapter 169, under section 11 of which receivers have been appointed by the Supreme Judicial Court. As outlined in previous annual reports, this method differs from that pertaining to the liquidation of other banking institutions.

During the year 1934, the receivership of A. DiPietro Co., a private bank formerly doing business in Boston, was terminated and the final account of the receiver allowed by the Supreme Judicial Court on April 27, 1934, and the case closed.

A brief statement concerning the status of each of the remaining private bank

receiverships follows:

M. Berardini, Bankers, of Boston.

The affairs of this receivership are being administered by Frank P. Fralli, of Boston, who has been appointed as Receiver by the Supreme Judicial Court. Since the last annual report, dividends have been paid to creditors as follows:

The aggregate amounts of dividends paid to date total \$582,177.36 on claims aggregating \$1,002,700.33 representing 64 per cent to transmission depositors, 58 per cent to safe-keeping depositors and 40 per cent to commercial and general creditors.

The actions brought by Joseph A. Broderick, Superintendent of Banks of the State of New York, on behalf of M. Berardini State Bank of New York against the Receiver to recover the sum of \$720,642.24 on account of assessments levied against the executors of the Estate of Michael Berardini and on account of alleged indebtednesses of the said executors, which actions have been pending for the past two years, have been compromised with the approval of the Supreme Judicial Court, by the payment of \$27,500 to said Superintendent in consideration of the assignment of all of said claims against said estate and others, and other considerations appearing on the records of said court. All other actions and suits of importance against the Receiver have been disposed of.

First Bankers Union, Inc.

Joseph A. Greer, of Medford, is Receiver of this institution, under appointment by the Supreme Judicial Court. There has been no change in the status of this receivership since the last annual report. The principal remaining asset is a judgment on a fidelity bond against a surety company which was placed in the hands of a Receiver after judgment was rendered. As soon as a final dividend is received from the assets of the surety company this receivership can be closed. Dividends aggregating 100 per cent have been paid to transmission depositors and 20 per cent to safe-keeping depositors.

Peoples Bankers, Inc.

Arthur Sweeney, of Andover, is Receiver of this institution under appointment by the Supreme Judicial Court.

Dividends of 96 per cent have been paid to transmission depositors, 40½ per

cent to safe-keeping depositors and 15 per cent to general creditors.

The remaining assets consist of unpaid balances due on various notes amounting to \$2,560.33 almost all of which are uncollectible and certificates of proof of claim representing deposits in closed banks, the value of which is uncertain.

The liquidation proceedings of these banks have necessarily deferred the closing

of this receivership.

Andrea Romano. Springfield.

Harold I. Grousbeck, of Northampton, is Receiver of this bank under appointment of the Supreme Judicial Court. During the year 1934 a further dividend of 15 per cent was paid to safe-keeping depositors which, together with 25 per cent previously paid, has resulted in a total payment to date of 40 per cent to this class of depositors. During the year 1934 there was also paid a dividend of 40 per cent to transmission depositors. The litigation concerning this bank outlined in the last annual report has all been disposed of with the exception of one outstanding claim of a nominal amount which now is in the process of final disposition. Some additional assets remain which will permit the payment of a small additional dividend before the final closing of the receivership.

Respectfully submitted,

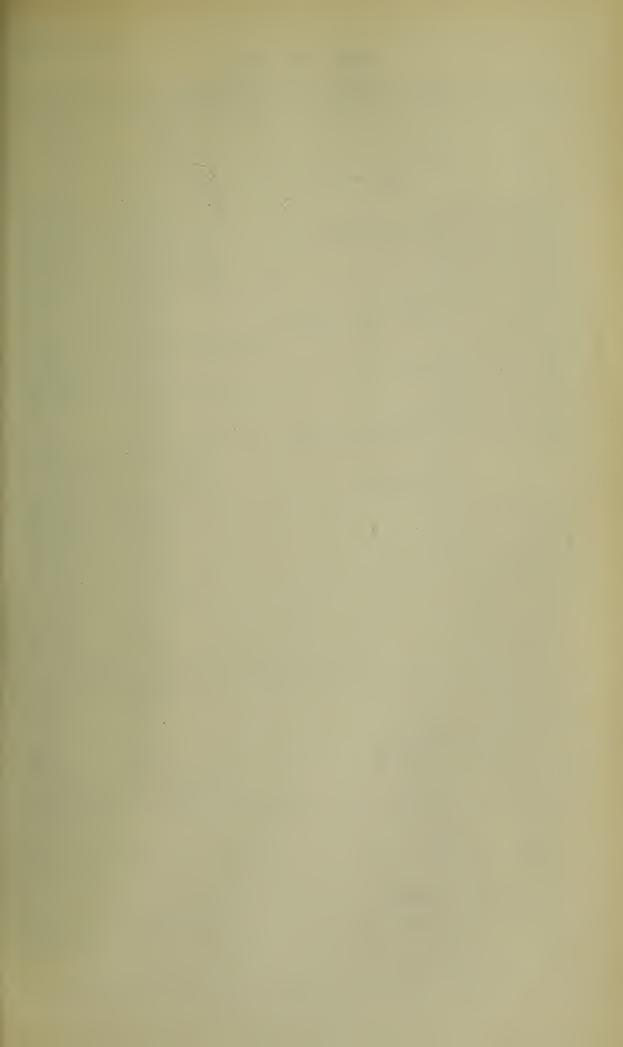

ARTHUR GUY,

Commissioner of Banks.

The Commonwealth of Massachusetts

Office of the Commissioner of Banks, STATE HOUSE, BOSTON, DECEMBER 15, 1934.

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court Assembled:

I have the honor to submit to the General Court, as required by General Laws, Chapter 167, section 9, the annual report of this department for the year 1934. The complete report covering the work of the department and containing statistics and statements of the institutions under its supervision will be submitted, as here-

tofore, at a later date.

The past year has witnessed a gratifying improvement in the general banking structure of this Commonwealth. Efforts of the past three years to stabilize banking conditions have borne fruit and the condition of the banks can be reported as generally good. Security prices have advanced reflecting an increase in the value of this asset held by banks. The percentage of foreclosures of real estate is declining, due in part to the operation of the Home Owners' Loan Corporation, while reports of the banks indicate the manner and extent to which the banks themselves are giving assistance to worthy borrowers on residential property. While our banks have sufficient cash to care for a normal demand for proper loans, such demand is lacking at the present time. Deposits in our banks have been maintained and confidence in our banks, which was never at as low an ebb as in some other parts of the country, has been restored.

During the last session of the General Court legislation was enacted providing for the establishment in the Mutual Central Fund, Inc., of a fund for the insurance of deposits in Savings banks known as the Deposit Insurance Fund (Chapter 43

of the Acts of 1934).

There was also enacted legislation providing for the establishment in the Cooperative Central Bank of a fund for the insurance of shares in Co-operative banks to be known as the Share Insurance Fund (Chapter 73 of the Acts of 1934).

During the year, in accordance with the provisions of Chapter 73 of the Acts of 1934, I requested the Co-operative Central Bank to take possession of five Co-operative banks for the purpose of liquidating them. These banks are being liquidated under rules and regulations established by the department and the shareholders are insured in the manner and to the extent provided by the afore-

mentioned Chapter.

The laws relating to Trust companies were substantially amended by the enactment of Chapter 349 of the Acts of 1934. While sufficient time has not yet elapsed to make it possible to determine the effect of this Act, minor amendments thereto, for the purpose of clarification, will be necessary. In this connection, I recommended that Section 18 of Chapter 349 be amended to remedy certain conditions in regard to the capital stock, and I also recommend the enactment of a bill which is to be filed seeking an amendment to Section 24 of said Chapter relating to trust departments.

No other recommendation as to changes in statutes were made by me as I believe no further fundamental changes should be made in our banking laws until

we have tested more fully those now in force.
While a cry continues for legislation to change the status of debtors to banks, even to a subordination of the interest of the depositors to those of the debtors, it should be borne in mind that legislation in favor of debtors, which endangers depositors, will nullify much of what has been done during the past three years to stabilize conditions in banks.

GENERAL LEGISLATION ENACTED.

Chap. 3. An Act facilitating the obtaining of funds by certain trust companies through the issuance of preferred stock.

Chap. 9. An Act extending the period of operation of certain laws authorizing domestic corporations to contribute to certain funds for the betterment of social and economic conditions.

Chap. 241. An Act providing for semi-annual reports by the Commissioner of Banks as to progress of liquidation of certain banks.

Chap. 251. An Act relative to the examination of banks.

Chap. 270. An Act relating to the examination of banks, the destruction of certain bank records and penalizing accessories in larcenies from banks.

Chap. 304. An Act extending the period of time within which the Commissioner of Banks may borrow funds for the payment of dividends in liquidation of certain closed banks.

CO-OPERATIVE BANKS.

At the close of October business, 1934, the aggregate assets of the 223 Co-operative banks amounted to \$478,169,692.21, a decrease of approximately \$24,200,000 during the year.

These banks in general have maintained sufficient liquidity to meet the demands of withdrawing shareholders and at the same time have accumulated funds to an

amount more than sufficient to care for the requests for real estate loans.

The number of banks has decreased by six. In February, 1934, the Business Men's Co-operative Bank, Boston, consolidated with the Merchants Co-operative Bank, Boston, and during the year the following five Co-operative banks were ordered into liquidation and the Co-operative Central Bank is now proceeding with the liquidation under the provisions of Chapter 73 of the Acts of 1934:

Shawmut Go-operative Bank, Dorchester. Back Bay Co-operative Bank, Boston. Real Estate Co-operative Bank, Boston. Clinton Co-operative Bank, Clinton. Wachusett Co-operative Bank, Clinton.

Two of these banks were certified to the Co-operative Central Bank after the October business 1934, so that there now remain 221 Co-operative banks actively operating in this Commonwealth.

The number of shareholders has decreased by approximately 26,960 due to the certification of the five banks to the Co-operative Central Bank for liquidation.

Of the banks remaining under restrictions from the time of the last report, restrictions have been entirely lifted on all but three and in those cases the restrictions have been substantially modified.

The total combined guaranty fund and surplus accounts increased by \$1,804,635.84 and the book figures of those accounts are now in excess of

\$25,196,445.16.

The Commonwealth of Massachusetts

OFFICE OF THE COMMISSIONER OF BANKS, STATE HOUSE, BOSTON, DECEMBER 15, 1934.

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court Assembled:

I have the honor to submit to the General Court, as required by General Laws, Chapter 167, section 9, the annual report of this department for the year 1934. The complete report covering the work of the department and containing statistics and statements of the institutions under its supervision will be submitted, as here-

tofore, at a later date.

The past year has witnessed a gratifying improvement in the general banking structure of this Commonwealth. Efforts of the past three years to stabilize banking conditions have borne fruit and the condition of the banks can be reported as generally good. Security prices have advanced reflecting an increase in the value of this asset held by banks. The percentage of foreclosures of real estate is declining, due in part to the operation of the Home Owners' Loan Corporation, while reports of the banks indicate the manner and extent to which the banks themselves are giving assistance to worthy borrowers on residential property. While our banks have sufficient cash to care for a normal demand for proper loans, such demand is lacking at the present time. Deposits in our banks have been maintained and confidence in our banks, which was never at as low an ebb as in some other parts of the country, has been restored.

During the last session of the General Court legislation was enacted providing for the establishment in the Mutual Central Fund, Inc., of a fund for the insurance of deposits in Savings banks known as the Deposit Insurance Fund (Chapter 43)

of the Acts of 1934).

There was also enacted legislation providing for the establishment in the Cooperative Central Bank of a fund for the insurance of shares in Co-operative banks to be known as the Share Insurance Fund (Chapter 73 of the Acts of 1934).

During the year, in accordance with the provisions of Chapter 73 of the Acts of 1934, I requested the Co-operative Central Bank to take possession of five Co-operative banks for the purpose of liquidating them. These banks are being liquidated under rules and regulations established by the department and the shareholders are insured in the manner and to the extent provided by the afore-

mentioned Chapter.

The laws relating to Trust companies were substantially amended by the enactment of Chapter 349 of the Acts of 1934. While sufficient time has not yet elapsed to make it possible to determine the effect of this Act, minor amendments thereto, for the purpose of clarification, will be necessary. In this connection, I recommended that Section 18 of Chapter 349 be amended to remedy certain conditions in regard to the capital stock, and I also recommend the enactment of a bill which is to be filed seeking an amendment to Section 24 of said Chapter relating to trust departments.

No other recommendation as to changes in statutes were made by me as I believe no further fundamental changes should be made in our banking laws until

we have tested more fully those now in force.

While a cry continues for legislation to change the status of debtors to banks, even to a subordination of the interest of the depositors to those of the debtors, it should be borne in mind that legislation in favor of dettors, which endangers depositors, will nullify much of what has been done during the past three years to stabilize conditions in banks.

CENTRAL CREDIT UNION FUND, INC.

A statement of the condition of this corporation will appear in the complete report to be submitted at a later date.

TRIENNIAL VERIFICATION OF DEPOSITORS' PASS BOOKS.

The triennial verification of depositors' pass books and accounts was made during the year 1934 in all savings banks, savings departments of trust companies, co-operative banks, and credit unions. The total amount of deposits in all banks verified was \$1,764,502,536.23 or 68.78 per cent of the total deposits. A comparison of the percentage of accounts and deposits verified in the years 1931 and 1934 is as follows:

			tage of Verified.	Percentage of Accounts Verified.		
		1934.	1931.	1934.	1931.
